

Hoover Happenings

For the week of

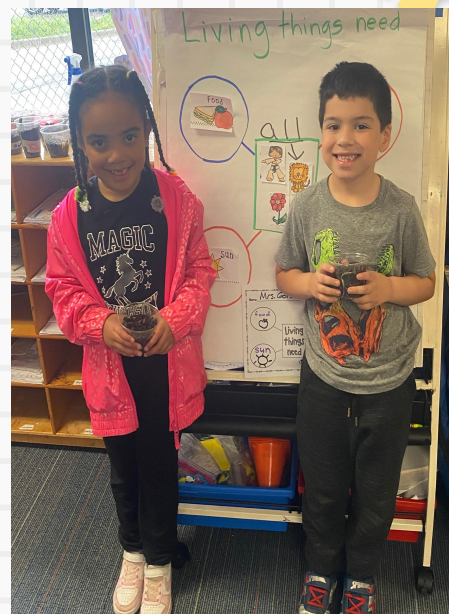

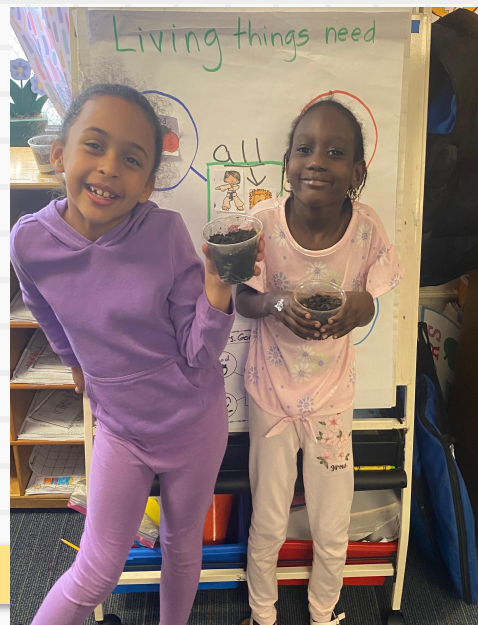

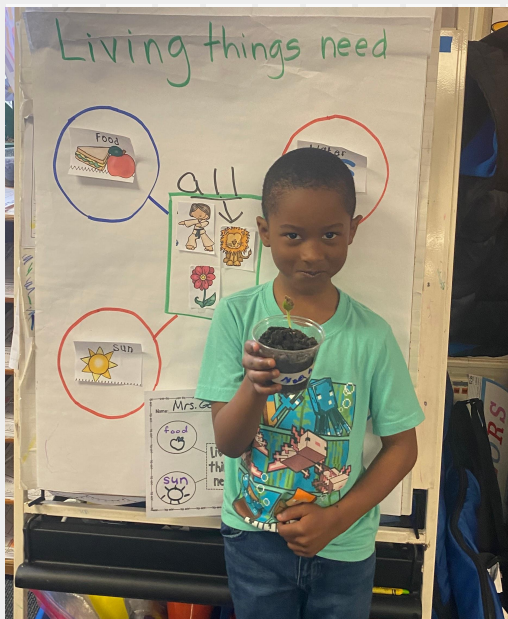

Mrs. Gorski's Kindergarten Class!

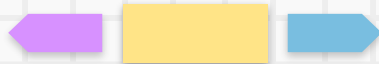

This week in Kindergarten we are beginning to see the “fruits” of our labor in the seeds we planted and have taken care of. We have been keeping track of the changes our seed/plants have been going through and recording these observations in our Plant Observation Journals. We are so excited to see the growth and changes in our plants.

Mrs. Wohlfeill's Kindergarten Class

We planted pumpkin seeds this week!! We can't wait to watch them grow and learn all about plant needs and their life cycles!

Ms. Williams Class

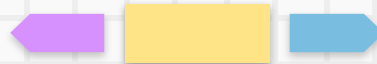

We made moon sand today in class. We got to pick our color of moon sand. We had a blast!

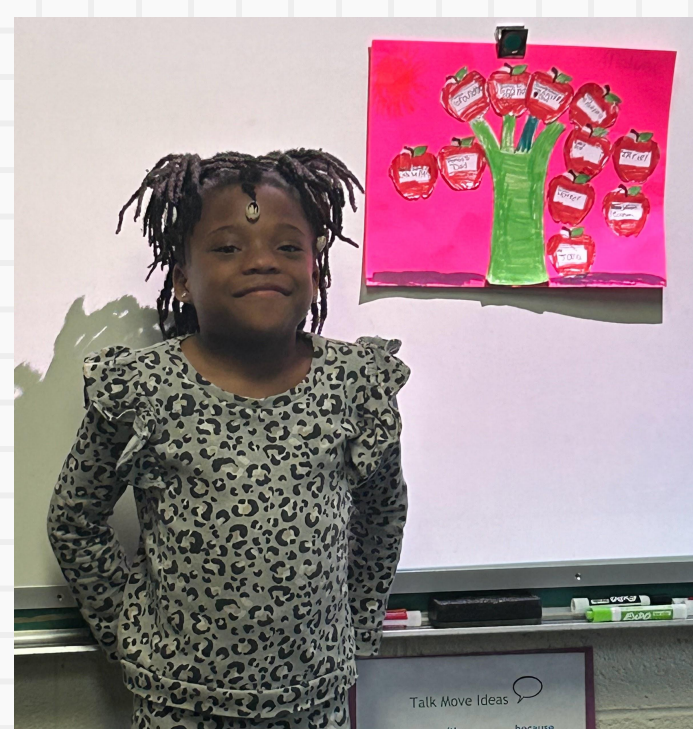

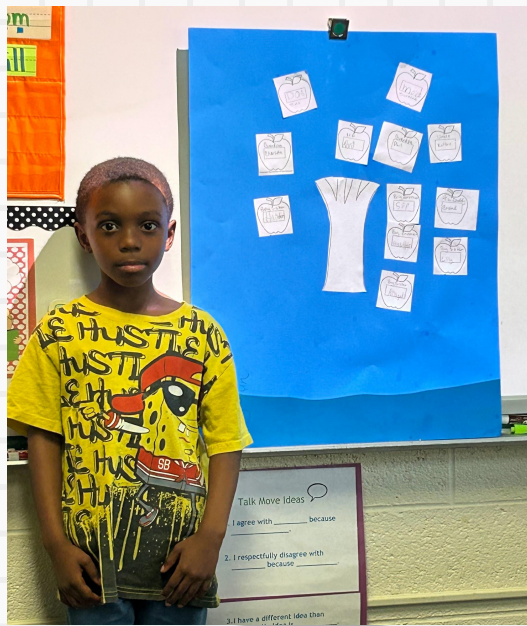

Mrs. Hughes' First Grade Class

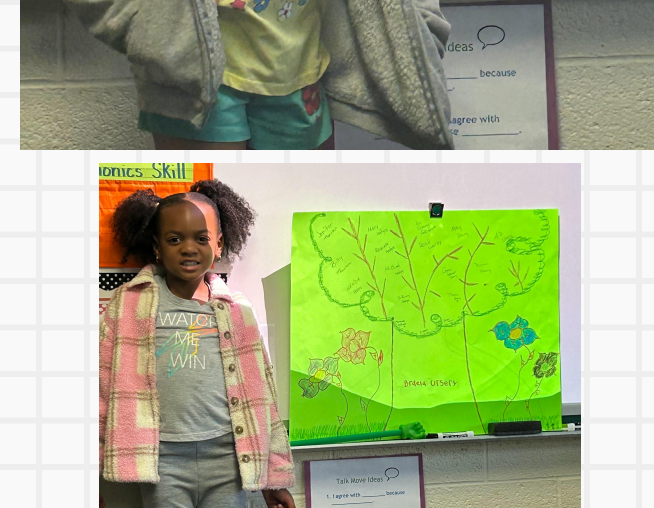

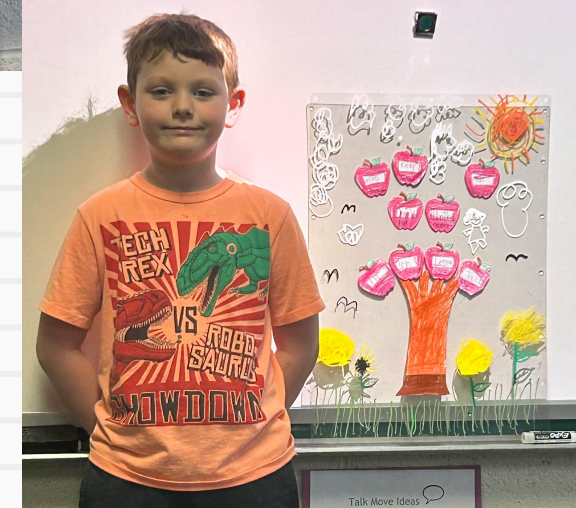

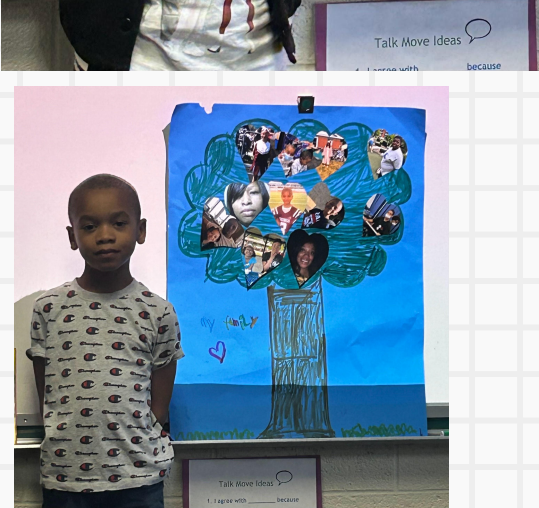

Family Tree Projects

Students were so excited to share the people and pets in their family with their classmates. Everyone did a great job on their project and presentation. It was great to see all of the hard work families put in at home to create these projects.

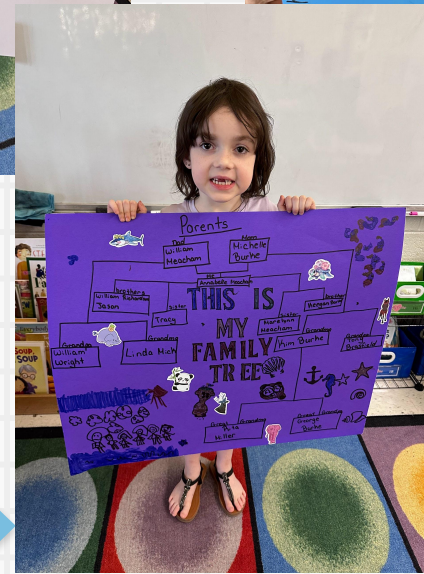

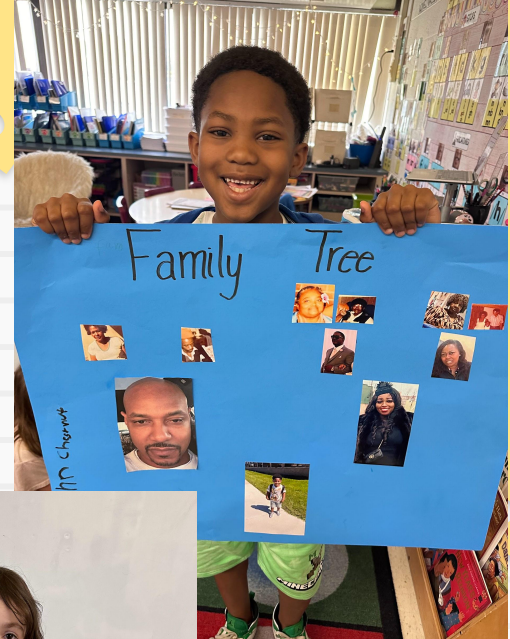

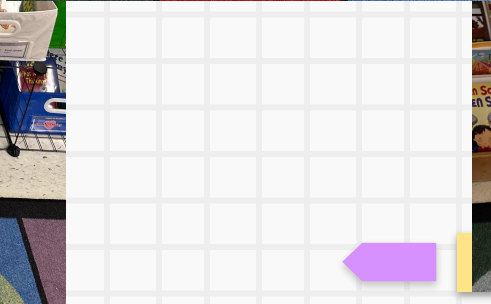

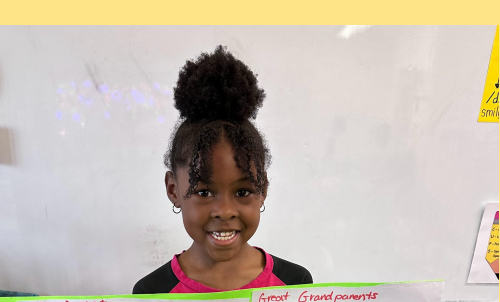

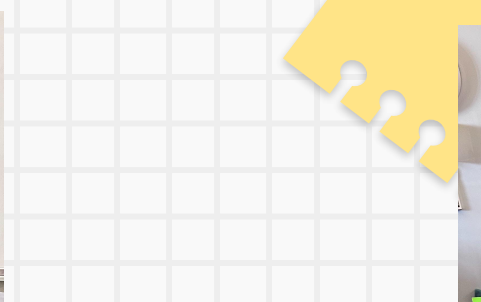

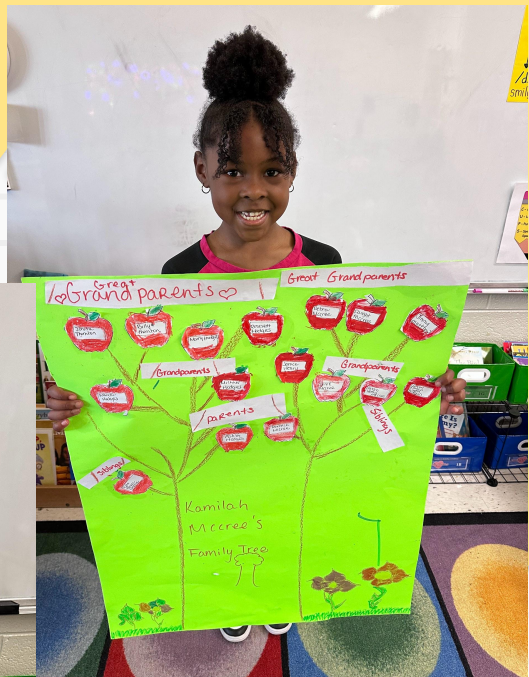

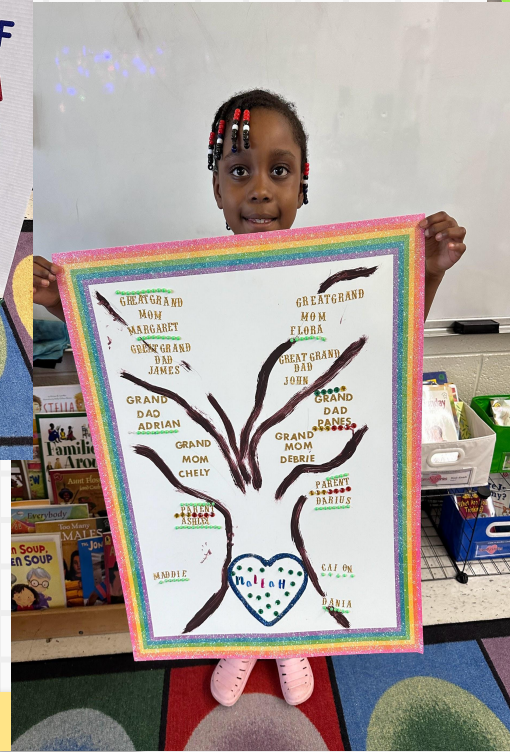

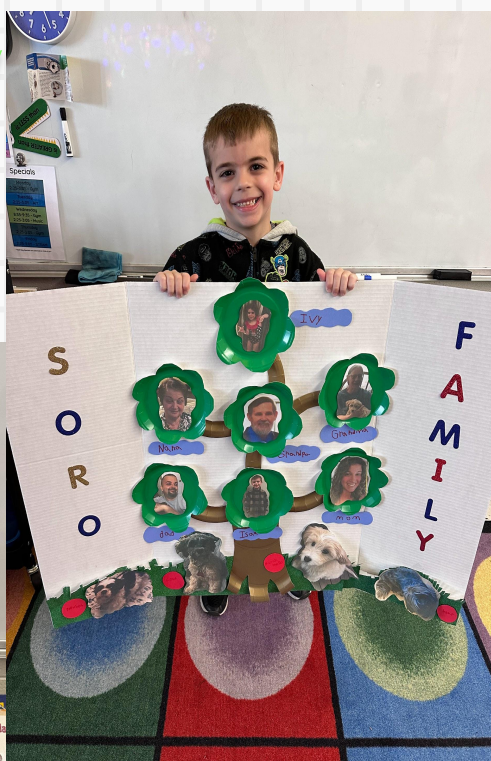

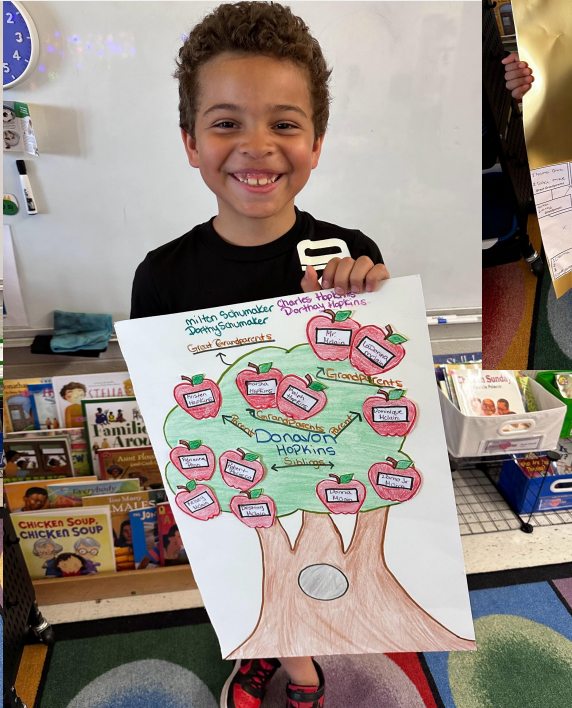

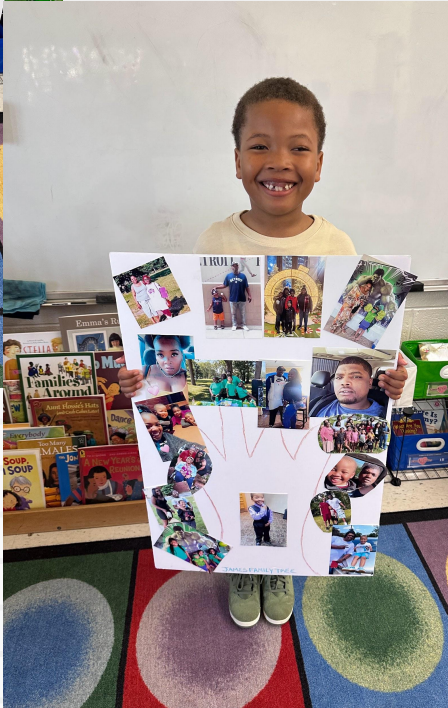

Mrs. Becker's First Grade Class

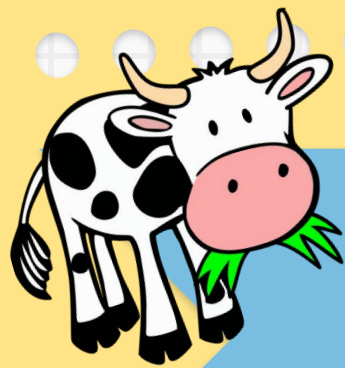

This week the students got to share their family tree projects with their classmates. They were SO PROUD to share about their families and tell about the special people who love them. Kudos to all of these students and their families for creating these fantastic projects together!

Great Job!

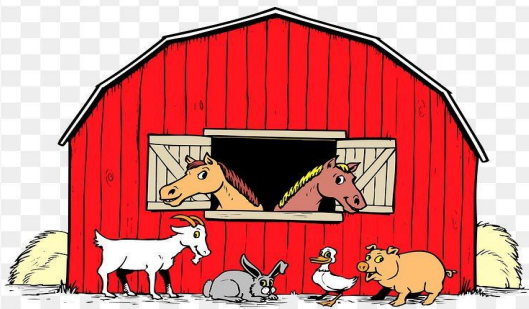

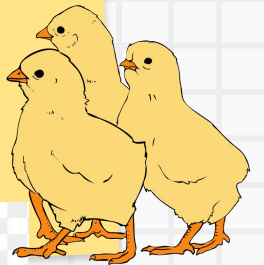

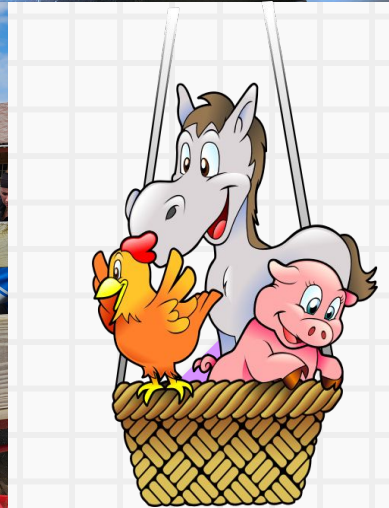

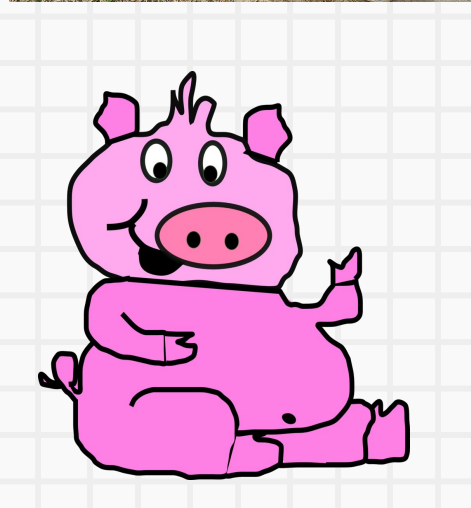

**Mrs.
Beller's**

**Second
Grade Class**

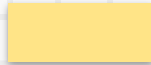

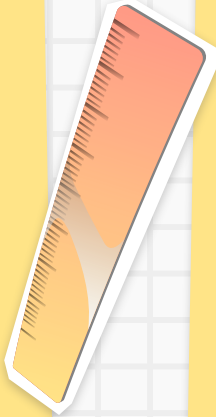

Upland Hills Farm

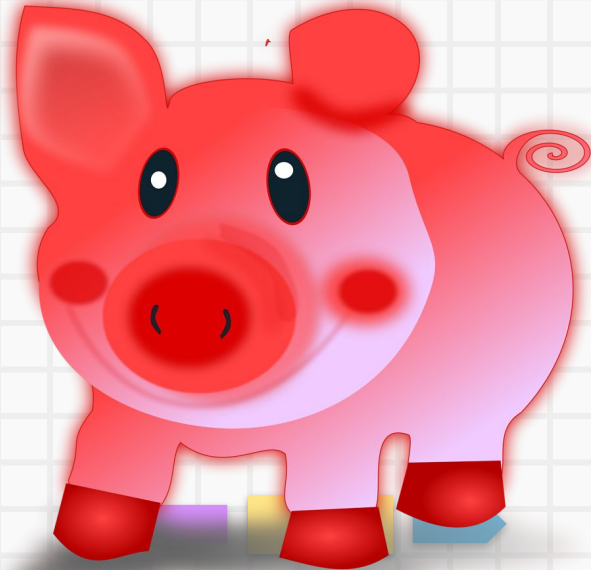

UPLAND HILL FARM!

**Mrs. Yager's
Second
Grade Class**

Mrs. Torres Steam & Art Class!

First and second grade finished their projects inspired by artists that influenced the Cubism and Fauvism movement. First grade made faces in the style of Pablo Picasso. We thought his paintings were really silly! Second grade created their own goldfish, just like Henri Matisse!
