

Hoover Happenings

For the week of 4/15/24

Mrs. Gorski's Kindergarten Class!

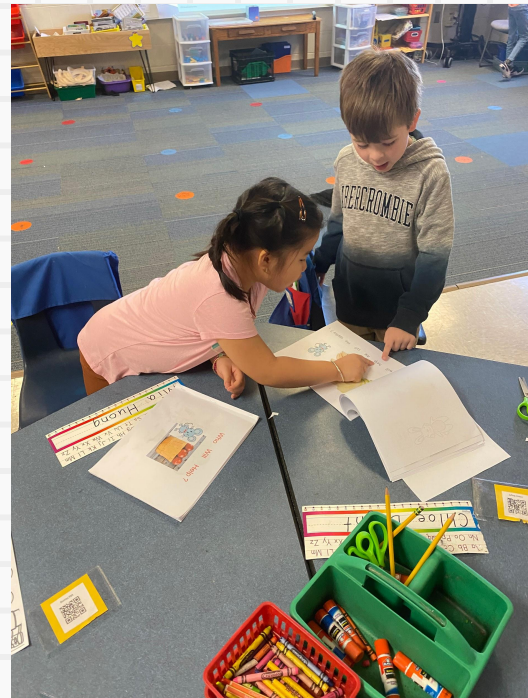

Mrs. Gorski's Kindergarten Class **LOVES** to read! We practice reading **EVERYDAY** for more than 30 minutes. We read together, we read independently and we read with a partner. Our love for reading has helped us become strong, confident readers.

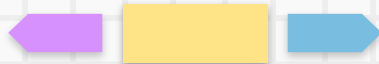

Here we are reading with a partner. Reading is even more fun when you do it with a friend.

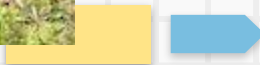

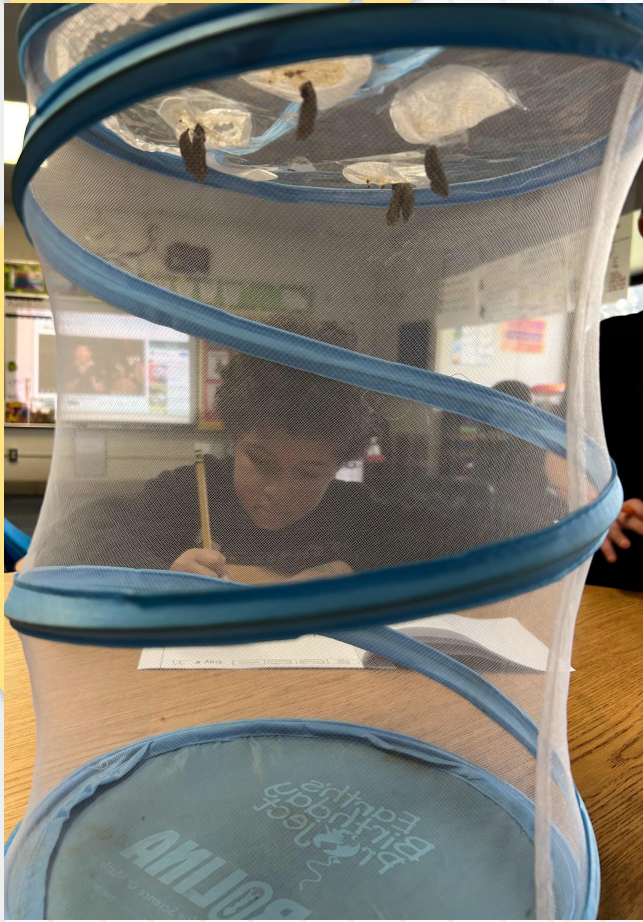

Mrs. Wohlfeill's Kindergarten Class

This week we talked about living and non-living things. The students were able to spend some time outside in the courtyard to make scientific observations! They found living and non-living things, drew pictures of them with words, and placed them on our class t-chart! Great job!

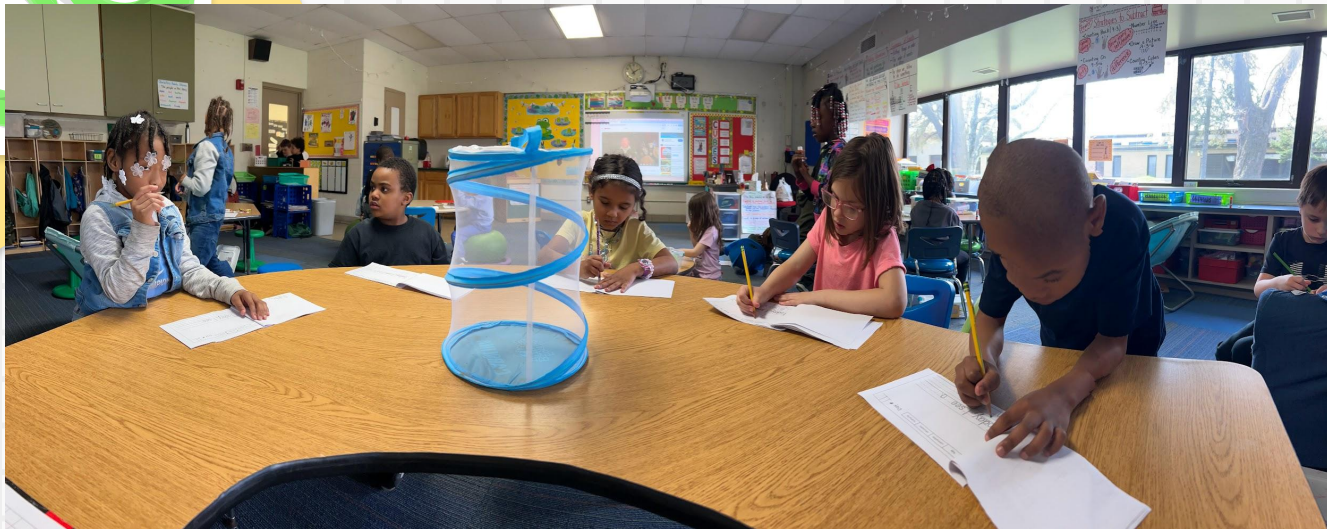

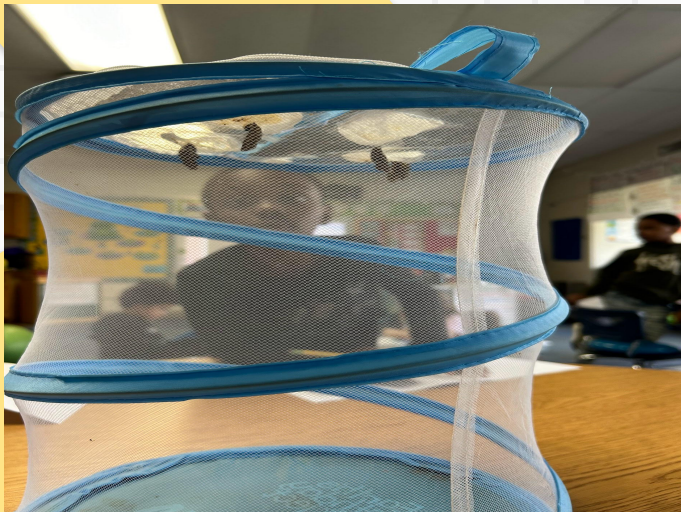

Mrs. Hughes' First Grade Class

Butterfly Life Cycle

We had some exciting new additions to our classroom this week...our CATERPILLARS! We have been watching them each day to see the transformation from caterpillar to butterfly. Be sure to ask your child what they have observed.

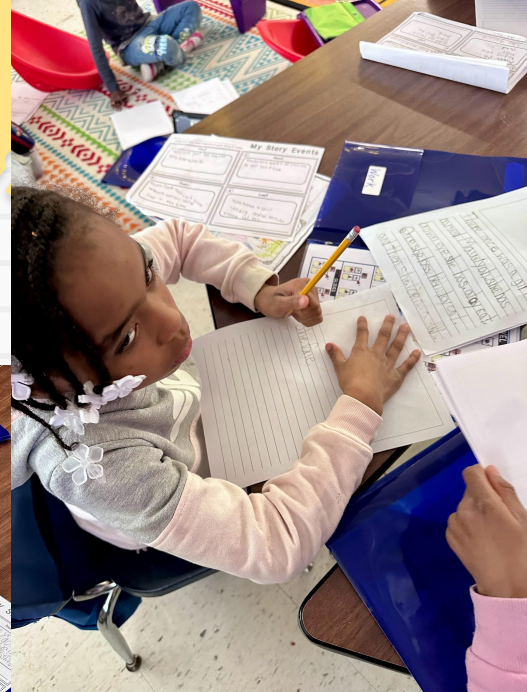

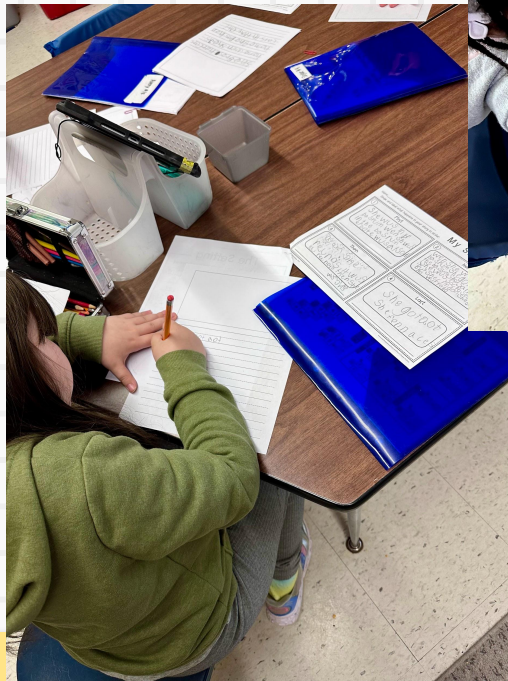

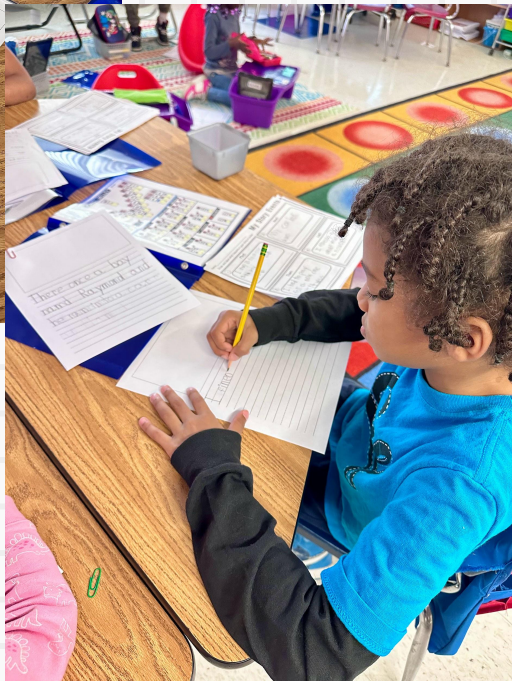

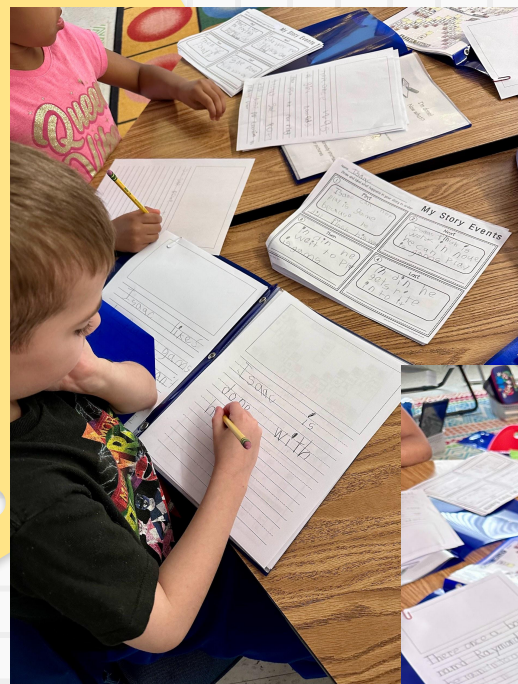

Mrs. Becker's First Grade Class

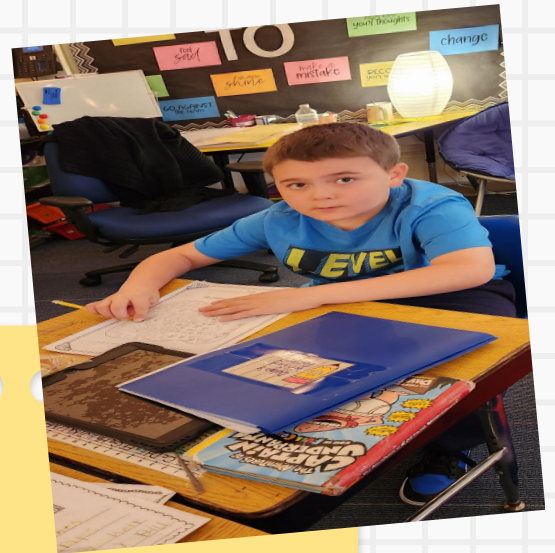

We were able to get back into our normal library routine this week. We checked out new books and then Ms. Norris read us a funny story!

We have spent weeks organizing our narrative writing ideas with graphic organizers. This week we began writing the final drafts of our stories.

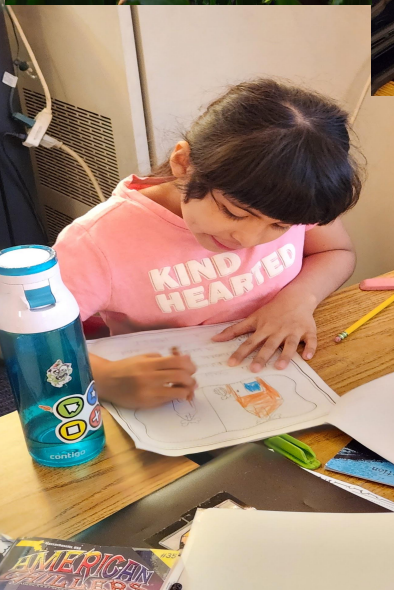

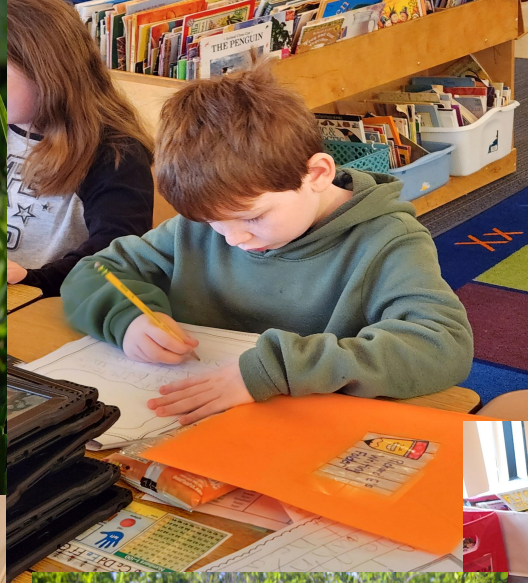

**Mrs.
Beller's**

Second Grade Class

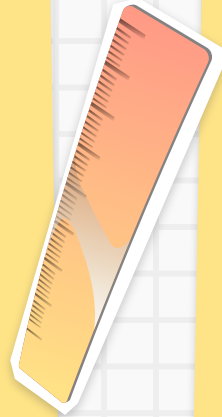

**This week we
published our
Animal Fiction
Stories.**

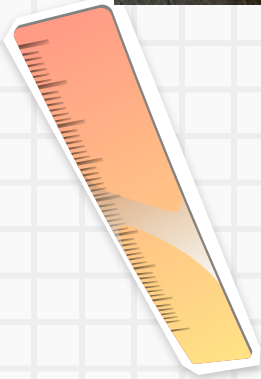

**Mrs. Yager's
Second
Grade Class**

This week we compared how life was like in the past compared to life today.

Ms. Williams' Class

On Friday, we made ice cream in a bag. We watched a video on the process of making ice cream. We followed step by step directions and enjoyed the treat when it was all finished.
