

Hoover Happenings

Week of 1/27/25

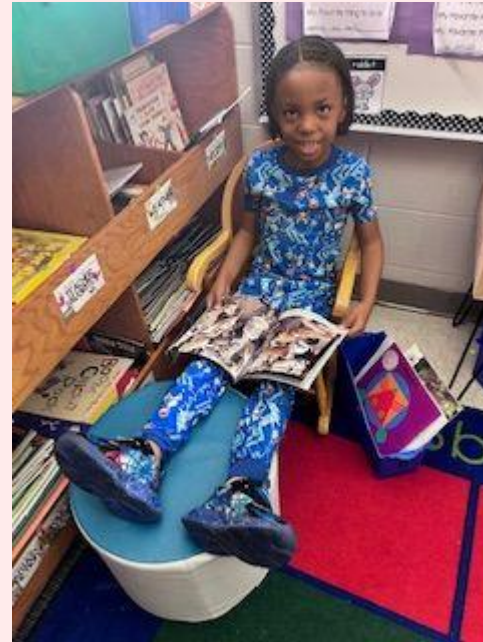

Ms. Williams

This week we worked on morning work and decorated our Valentines wooden ornaments. We also have been working on our writing skills.

Mrs. Wohlfeill

We celebrated our PAW celebration by playing games and reading books with our stuffed animal friends!

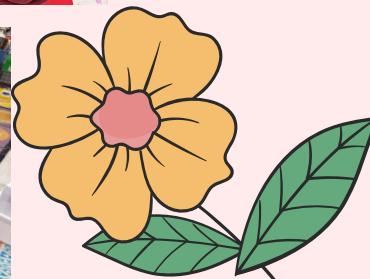

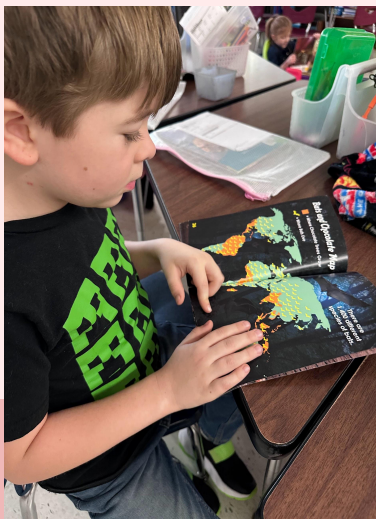

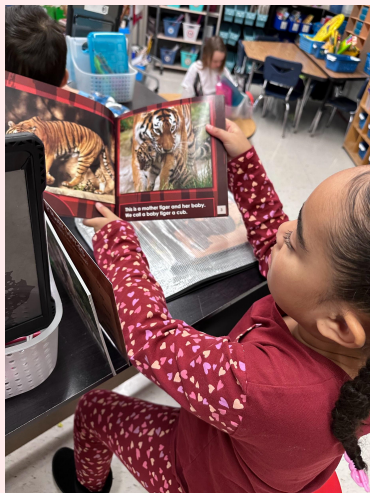

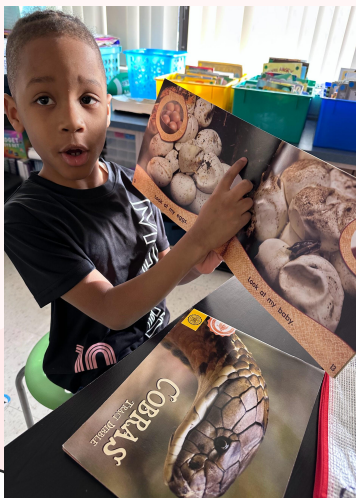

Mrs. Gorski

We recently had the privilege of spending time with our kindergarten neighbors from Mrs. Wohlfeill's class. Featured below are some of our spectacular readers taking turns reading to each other.

Mrs. Becker

We have been busy researching physical characteristics, habitats, and food chains of wild and endangered animals.

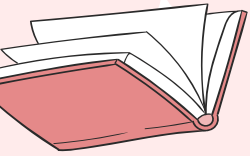

We also got out our "Magic e" wands and practiced some long vowel words.

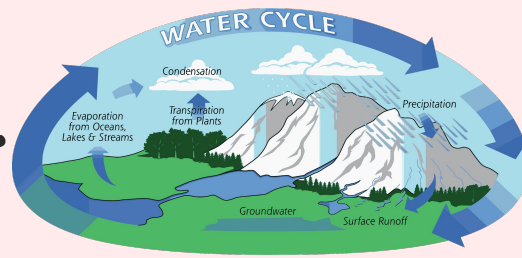

Mrs. Yager

This week we enjoyed a vocabulary lesson with Mrs. Dimas and had fun participating in our Pack Meeting!

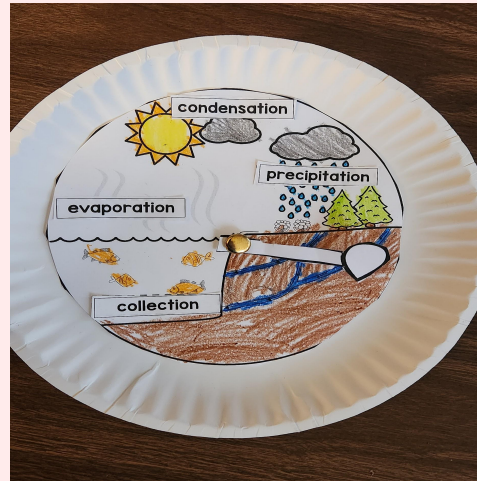

Mrs. Beller

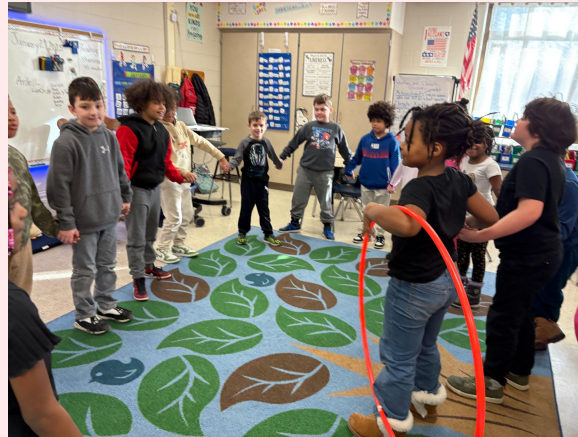

This week in science we learned the four phases of the water cycle. Each student made a water cycle wheel showing these four phases.

Ms. Culver

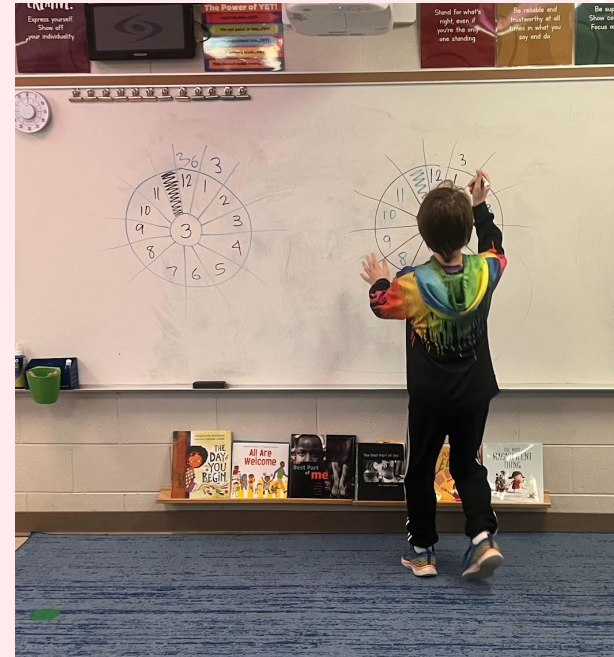

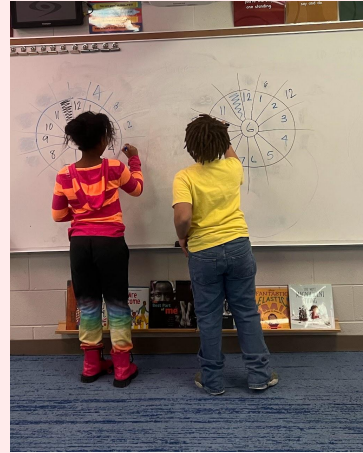

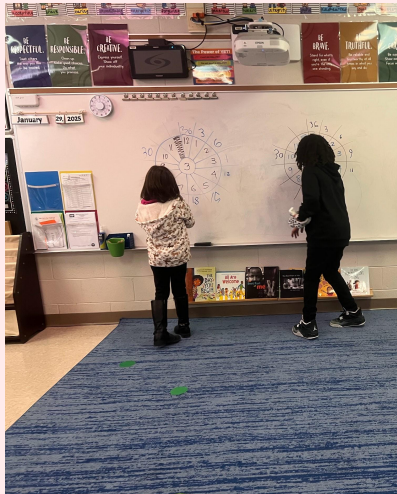

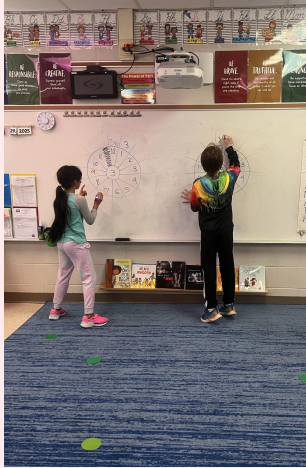

We did a Pack Meeting where the second and third graders came together and we read a book called *We Are All Wonders*, by RJ Palacio, celebrating how we are all unique and special. We also added another cozy reading bean bag to our reading area! Lastly, we switched desks around!

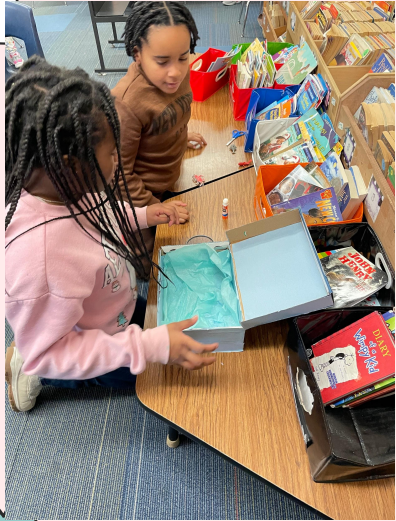

Mrs. Suder

Students had a great time learning a new multiplication game this week.

Ms. Johnson

This week we had fun creating biomes to house the animals we researched during our Informational Literacy Unit!

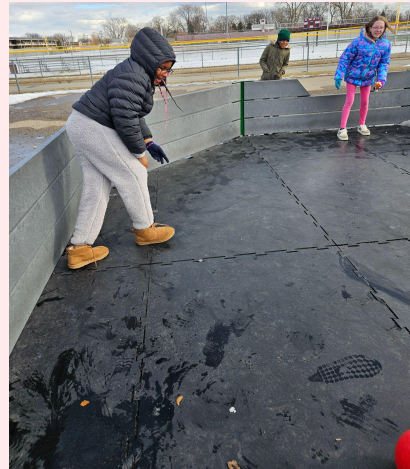

Mrs. Houston

We finished up our animal unit by creating habitat dioramas. They turned out so great!

Mr. LeMere

We were so excited that we were able to enjoy our recess outside. Expelling our energy and having fun with our friends.

Mrs. Gaedcke

We enjoyed our hard-earned Paw Point Celebration this Friday!

We enjoyed a pajama day, watching Zootopia, and eating some popcorn! I can't wait to see what we work towards for February!

Mrs. Jarvis

January Pack Meetings

Students learned about kindness and celebrating each other's differences. We read the book We're All Wonders and explored what makes each student WOND
