From the Principal

Dear Webb Families,

Did you know that one way we build community at Webb is by having community building circles inside each of our classrooms every day. The class gathers in a circle and they build community in many different ways - sometimes learning or practicing calm down strategies, learning how to be good friends and classmates, or solving a problem together. We gather this way as a school once a month in the gym at our Monday Morning Meetings. We have one on Monday this week and we will be learning a schoolwide calm down strategy and focusing on what we love about ourselves. We do this to help spread kindness and empathy throughout the school and to help students to learn to get along with each other and solve problems. Ask your child about community building in their classrooms.

Sincerely,

Corri Nastasi

Principal, Webb Elementary

YMCA SportPort

Our next YMCA after school event will be Thursday, February 27th .

Science/Nonfiction Night

Thanks to all of our families who attended. Our raffle winners were the families of Leah Guigneaux and Makayla Golden. A great big thank you to our Webb PTA for donating the family zoo passes for the raffle.

Cold Weather

We try to go out for recess as much as possible so the students get some fresh air and exercise. The cutoff temperature is 20 degrees with wind chill factored in. Please make sure that your child brings appropriate gear to school to keep them warm during outside recess. If there is snow on the ground the students will ONLY be allowed to play on the playground if they have winter boots on. If they don't have boots they must stay on the sidewalk area. We do have some donated winter items if your child is in need - reach out to the school office to see if we have any items that would fit.

Mitten Mobile

Mitten Mobile will be visiting Webb Elementary this month to provide vision exams for students. Please see the information packet that will be coming home on Monday, February 3, 2025. If you are interested in a vision exam for your student, please fill out the forms and return to the school by Wednesday, February 12, 2025.

Mobile Optometry Services

Why Are Eye Exams Vital For Children?

- The visual system is still developing during childhood, and early intervention plays a pivotal role in preventing and addressing ocular conditions & diseases
- Many eye conditions such as lazy eye (amblyopia) if left untreated can permanently reduce visual capability and can impact a child's ability to learn and perform well in school
- Visual deficiencies can sometimes even be misdiagnosed as behavioral or sensory issues

What Mitten Mobile Eyecare Can Provide You

- Full comprehensive eye exam on-site at school, equivalent to one your child would receive in an optometry office.
- These are **not the same as vision screenings** - vision screenings are minimal and do not provide a final glasses prescription or full evaluation of the ocular health
- Assistance in picking out glasses that are covered by insurance (when applicable), with on-site delivery at a later date.
- Appropriate referrals for additional treatment/intervention when necessary
- Emergency office visits when necessary/appropriate
- All services billed to insurance, with private pay options available - A large variety of insurances accepted, **including Medicaid plans**

We redefine the standard of eyecare by bringing comprehensive and compassionate medical examinations directly to our patients' doorstep.

Little Caesars Fundraiser

Please see information below about our 5th grade fundraiser which helps to support their trip to camp. Anyone can order using the QR code below. All proceeds will go to help students go to camp.

Camp Fundraiser

5th grade will be selling pizza kits to help cover the cost of 5th Grade Camp.

Each student will receive a **\$6 credit** for **each item** sold. Selling **13 or more items** will fully pay for the cost of Camp for your child.

Orders can be placed in person using the order form, or online using the QR code and Fundraiser ID:

Fundraiser ID #: 454457

****ALL ORDERS ARE DUE BY THURSDAY, February 27, 2025**

5th Grade Camp Meetings

We will have two fifth grade informational camp meetings on Wednesday, February 5th- one at 3:30PM and one at 5:30PM. We have given you two options but each family will only need to attend one. You will receive important information about attending camp and get paperwork that is needed. If you are planning on having your child attend camp, please plan on having an adult attend to get this information.

Please join us for an informational meeting:

welcome to the

Artist Studio

January 2025

From the teacher Mrs. McClenahan:

Artists have been working diligently on their non-fiction book art projects. With our breaks and "cold days" some classes with more elaborate projects felt the time crunch. However, this helped us learn about time management and how to prioritize the necessary parts of our projects to get them where we wanted them to be. These real world connections taught us how to meet deadlines, just like real artists!

Looking ahead we'll be designing our Yearbook cover.

Projects & Focus:

Young 5's & Kinder & 1st grade:

Frogs & Toads Suncatchers
Painted Paper Animals
Tie-dyed Snails

2nd & 3rd grades:

Recycled Bugs
Weather Phenomenon

4th & 5th grades:

Animal Adaptations
Biome Jars

Projects & Focus:

Dr. P & Mrs. Hall :

Arctic Animals Suncatchers
Tie-Dyed Snails
Abstract Collages

Reminder:

** Art is messy! **

We will use paint and other messy mediums periodically. Please send your artist to school on their art days in clothing that you feel comfortable getting messy.

*Most supplies are washable.

Artist Studio

January 2025

Highlights:

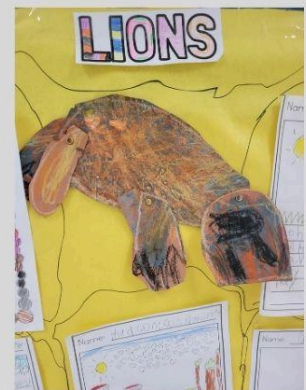

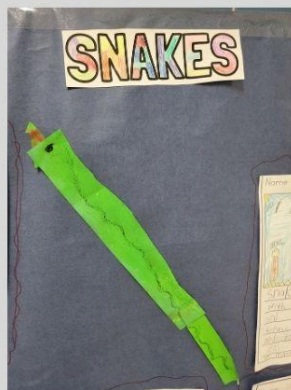

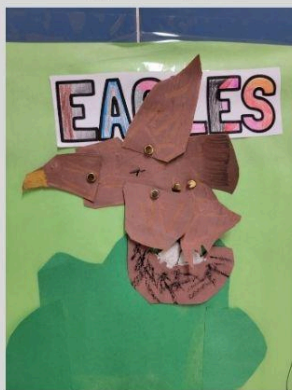

Above: Kindergarteners created mini collages inspired by their understanding of the differences between frogs & toads.

Above: Young 5's mimicked polar bear fur with white markings (lines) on top of black paper.

Highlights:

Above: 1st graders painted papers, designed their featured animal parts, and pieced them together with metal fasteners or glued and added a popsicle stick handle.

welcome to the

Artist Studio

January 2025

Highlights:

Above: 2nd graders used recycled materials to assemble their bugs. Cardboard tubes, bottle caps, cardboard pieces, and found objects like buttons, pipe cleaners, and popsicle sticks were used.

Highlights:

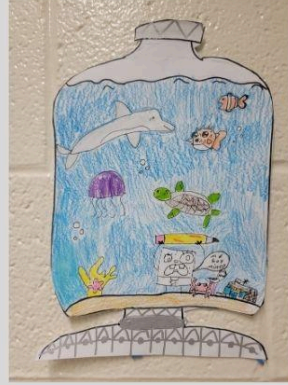

Above: 3rd graders worked in groups to plan, sketch, shop for materials, and assembled their ideas to represent their studied weather phenomenon.

welcome to the

Artist Studio

January 2025

Highlights:

Above: 5th graders studied ecosystems and drew them inside different types of jars. They included the plant life, weather, and animals that inhabit each biome.
